

Transforming Robot Car

Cut out the robot-car.

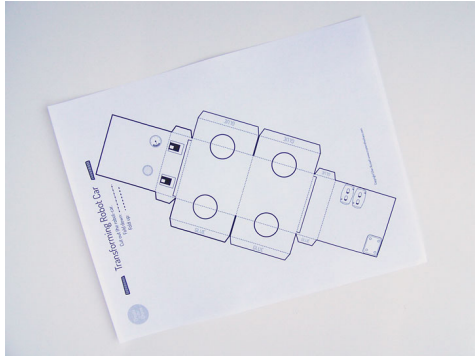

Fold down: - - - - -

Fold up:

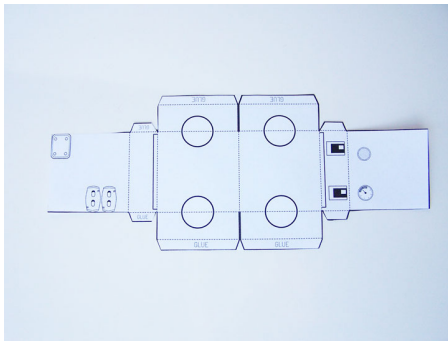

Transformo-Bot Car Instructions

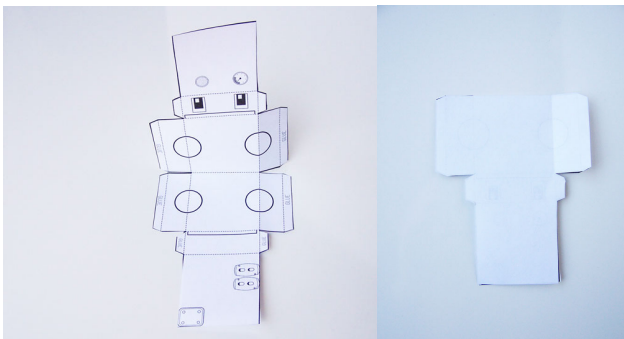

1. Print out the craft. These crafts will work with any kind of paper, but I usually print mine on high quality cardstock so they last longer.

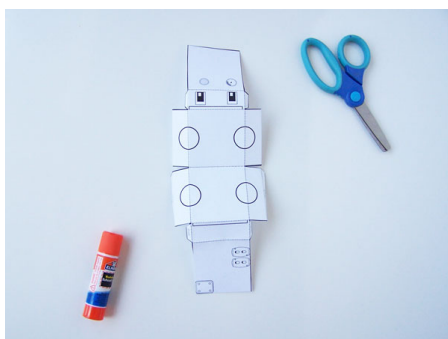

2. Cut out the robot shape.

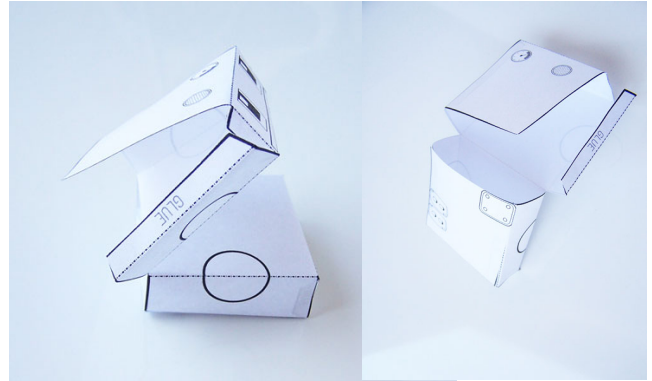

3. Fold up along the middle line. - - - - -

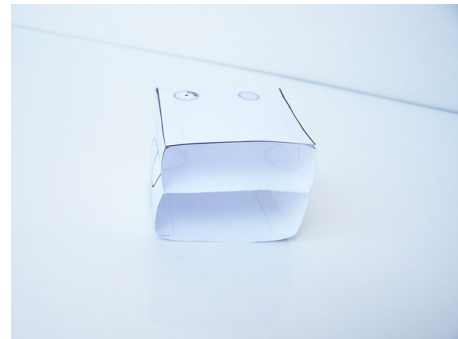

4. Fold down all of the other dotted lines, including the tabs. - - - - -

5. Glue the tabs to assemble the robot.

6. There should be an opening in the back to put your hands inside.

7. Use it as a car...

....or as a robot puppet!
